

RAX Tech International | Feb 2023 – Jan 2024

- Developed **OTP-based MFA bank locker access system** — zero unauthorized access incidents post-deployment.
- Built RESTful APIs for full OTP lifecycle (generate, deliver, validate, expire) with **audit trail logging** in SQL Server.
- Reduced OTP validation response by **50%** with Dapper optimization; achieved **sub-3-second SMS delivery**.
- Implemented **TCP socket communication** for real-time bidirectional interaction with physical locker hardware.

EDUCATION

Bachelor of Technology (B.Tech) – Electronics & Communication Engineering

2014 – 2018 | CGPA: 7.8 / 10

Pondicherry University Affiliated Institution | Tamil Nadu, India

Higher Secondary Certificate (HSC – Science)

2014 | 72.5%

Tamil Nadu State Board

Secondary School Leaving Certificate (SSLC)

2012 | 83.6%

Tamil Nadu State Board

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- ✦ Microsoft Certified: Azure Fundamentals (AZ-900) – *In Progress*

✦ ASP.NET Core Web API Development – Udemy / Coursera

✦ Microservices Architecture with .NET – Online Professional Course

✦ Docker for .NET Developers – Online Professional Course

✦ MongoDB for Developers – MongoDB University

✦ SQL Server Performance Tuning & Query Optimization – Pluralsight
